

WESTERLY MAN FOUND DEAD

John Woods, 50, Expires Monday Morning From Heart Disease—Wilmington Visitor Notes Town's Growth—Local Tourists Detained in Italy—Real Estate Sales.

There was a serious accident on the Post road between Matunuck and Wakefield late Sunday afternoon when an automobile owned by Mrs. Jessie L. Weeden of Providence and driven by John Doherty crashed into two wagons, killing a horse and injuring several persons. In the automobile with Doherty was Abraham Miller of Wakefield, and it is alleged Doherty was under the influence of liquor. One of the horse-drawn vehicles was occupied by David L. Northrop and Nathan Shurtz of Rock Brook and Charles S. and Howard Champlin of Providence. The second vehicle contained Jesse Silva of Matunuck and Joseph F. Francis and Manuel Enos of Providence. Both teams were going towards Wakefield and were on the right side of the road, and when near a curve they were struck by the automobile.

It is claimed that Doherty did not sound his horn, and the first seen of the automobile was when it sped across the road and crashed into the side of the first wagon, throwing the occupants out. The automobile continued for a distance of 40 feet where it ran head on into the second team, fatally injuring the horse. The occupants of the wagon were thrown to the ground.

All of the men in the wagons were severely hurt and bruised about the head and body, but Mr. Francis received the most severe injuries, being cut in the head, face and legs. He was conveyed to his home in Providence in a passing automobile. Jesse Silva was attended by Dr. Potter of Wakefield, who took a horse and carriage to the scene of the accident. The other men received medical treatment and were carried to their homes. In order to relieve the suffering of the injured horse he was put to death by a revolver shot. The case is receiving police investigation.

Westerly organizations were represented at the annual meeting of the Rhode Island branch of the American Federation of Labor held Sunday in Providence, when officers were elected as follows: Albert A. Hobler, president; Roderick A. McGarry, first vice president; Nelson L. Heureux, second vice president; John Havican, third vice president; Lawrence A. Grace, secretary and treasurer.

After considerable discussion on the question of per capita tax, a schedule of taxation was adopted as follows: Labor unions with a membership of 100 or less, \$5 per year; from 100 to 500, \$10; from 500 to 1,000, \$15; over 1,000, \$20. These amounts were adopted in place of the schedule of a year from each union, which formerly prevailed.

John H. Powers of Pawcatuck was chosen state organizer, and O. L. Preble, F. E. Fairbanks and A. E. Luther, Providence, were chosen state officers. These standing committees: S. R. McGarry, F. E. Fairbanks, Henry Fraser, press; John Havican, Milton Cooke, John Cabell, officers; reports; John Kirby, Fred Newcomb, Roderick A. McGarry, grievances; John H. Powers, N. Y. Case, M. W. Beecher, resolutions; Roderick A. McGarry, J. H. Powers and J. H. Coleman, legislative committee.

It was voted to hold semi-annual sessions on Sunday of the month of March and September, and to hold the next meeting in Pawcatuck.

"This is the first time I have been in Westerly for 50 years, and how the place has grown. I knew Westerly as a little country village, without any attractive buildings or stores, but now it looks like a full fledged city, and a busy one at that. This spoke Willard Clark of Willington, Conn., now in his 31st year, who had recently visited Boston, alone, and was on his homeward trip. He had called on relatives in Stonington and came to Westerly Monday morning, while waiting for the car to Norwich that Mr. Clark spoke of Westerly. He said he was going as far as Willington by trolley, very early in the morning and then go to his home in Willington.

Miss Marie Zangrandi, an assistant librarian of the Westerly public library, who is spending the month of vacation with relatives in Capri, Italy, has had her vacation period extended to Nov. 1st. Miss Zangrandi is a graduate of the University of Wisconsin and was in the war in Italy, which results in high passage rates and inadequate accommodations. She plans to wait until the rush is over and normal conditions in travel prevail. She writes that her trip abroad has been one of uninterrupted pleasure, but that she will be glad to return to Westerly and the land of the free and the home of the brave.

John Woods, who had apartments in Morgan street, died suddenly Monday morning, presumably from heart disease. He was unmarried and lived alone, having no near relatives. Almost immediately after death the body was found protruding from the floor by other tenants, and it was evident that he was in the act of taking a drink of water when the end came. Mr. Woods was about 50 years of age, was born in Pawcatuck and always lived there. He was deformed and in early life worked as a barber, but of late years he was a general utility man, working at upholstering, painting, carpentering, clock repairing and almost any odd job. He was sober, honest and industrious and had the respect of his many acquaintances.

Misses Mary and Wilhelmina Brodie have returned to Plainfield, N. J., where they are teachers in the public schools, after spending the vacation at their home in Westerly. They are sisters of Mrs. Agnes Brodie, an assistant librarian in the Westerly public library.

Charles Anderson has purchased three residential buildings in Wilford court, including the old White schoolhouse. It is claimed that this latter building encroaches on railroad property, and Mr. Anderson is to have it moved a few feet and to underpin the land.

William Mansfield Gorton, S. T. D., for 12 years pastor of Christ Episcopal church in Westerly and who spends his summer vacations here, on Monday presented a copy of his new book, "The Christian in the East and West," to the Westerly public library. He is now dean of the divinity school.

An Instantaneous Wrinkle Remover

The average woman is always surprised to learn after experimenting with all sorts of patent so-called wrinkle removers, that the most effective remedy in the world is a simple face wash which she can make herself at home in a jiffy.

She has only to get an ounce of pure powdered alumina from her nearest druggist and dissolve it in half a pint of witch hazel. Apply this refreshing solution to the face every day for a while. The result is charming—marvelous. Even after the very first treatment the wrinkles show less plainly and the face has a nice, firm, comfortable feeling that is thoroughly delightful and lends self-confidence in one's appearance. This harmless home remedy is used by thousands of women to obliterate the unwelcome traces of time.

Chaufeur Doherty was arrested Monday morning on charges of reckless driving, exceeding the speed limit and with driving an automobile while in an intoxicated condition. He was arraigned before Justice of the Peace Y. C. Perry in Wakefield and pleaded not guilty. He was held in the sum of \$300 for trial on Monday in the second district court, West Kingston. Bond was furnished by Mrs. Weeden, his employer.
